AUSTIN — Today the Texas General Land Office (GLO) announced the application for the Homeowner Assistance Program (HAP) will close at 5 p.m. on Nov. 19, 2021. All potential applicants must submit completed applications by the deadline to be considered for eligibility so long as funding is available.

The HAP regional offices will remain open, and processing of applications will continue indefinitely until program funds are fully expended. Applications will be considered for award on a first-come, first-served basis, according to the priorities outlined in the Regional Housing Guidelines. Submitting a complete application does not guarantee eligibility nor funding availability, but applicants must submit a complete application by the deadline to be potentially considered for assistance. Those residing inside the Houston city limits should apply at recovery.texas.gov/hap/houston, while non-Houston residents of Harris County should apply at recovery.texas.gov/hap/harriscounty. New applicants can also call the toll-free intake center line at 1-866-317-1998.

Harris County and the City of Houston received direct allocations of funding for residents in their jurisdictions. Applicants who previously applied to and are receiving assistance from Harris County and the City of Houston directly should continue to work with their program representatives.

In the City of Houston, applications being processed for eligibility already outnumber available funds, but funds remain available in non-Houston Harris County areas. HAP continues to take waitlist applications in Houston in case additional funding becomes available. Waitlisted applications will be reviewed for eligibility in the order received based on their submission date, should additional funding be approved. Applications that are started, but not yet submitted by 5 p.m. on Nov. 19, 2021, cannot not be considered for assistance.

Thus far, in all 49 counties eligible for Community Development Block Grants for Disaster Recovery (CDBG-DR) funding from U.S. Department of Housing and

Urban Development (HUD), the GLO has approved more than 6,700 applications for construction, with 845 homes currently under construction and approximately 3,900 completed with keys in the hands of homeowners. The GLO continues processing completed applications with the expectation of rebuilding up to 10,000 homes total for those needing assistance with available funds, with approximately 3,000 of those homes expected to be in rebuilt in Harris County and the City of Houston.

Individuals affected by Hurricane Harvey may qualify for assistance through the Homeowner Assistance Program if they owned their home, it was damaged or destroyed by Hurricane Harvey and it was their primary residence at the time of the storm, among other eligibility factors. The program offers qualified homeowners assistance to repair, rehabilitate or rebuild homes damaged by Hurricane Harvey. Potential applicants should review the Homeowner Assistance Program Checklist to have all applicable documents ready prior to applying. Interested homeowners can visit recovery.texas.gov/hap/houston or recovery.texas.gov/hap/harriscounty to find more information.
